

Penis Camouflage

THE WORLD'S MOST RIDICKULOUS PARTY GAME

HOW TO PLAY (3+players)

Pick someone to begin as the judge. The judge selects a penis stamp and stamps everyone's paper.

He then declares a theme for the round and starts the timer.

The players must work quickly to disguise the image into a harmless drawing relating to the theme.

While the players are drawing the judge creates a list of 5 new themes for the next round.

When the time runs out, the players place their drawings face down in the center of the table.

The judge arranges the drawings for everyone to see. He awards 3 points in any manner he chooses, writing the point value on the backs of the winning drawing(s).

The person to the left of the judge becomes the new judge. She selects a penis stamp, chooses a theme from the new theme list and starts the timer.

The game ends when everyone gets a chance to judge. The player with the most points wins!

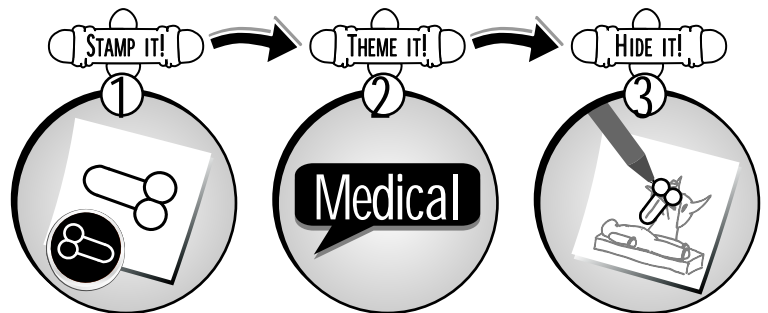

After the game, save the camouflages and show them off! See if other people can spot the original challenges.

When judging, award points if the image makes you laugh or creatively hides the challenge.

DRAWING TIPS

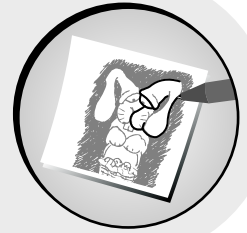

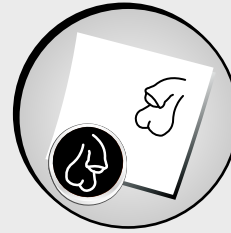

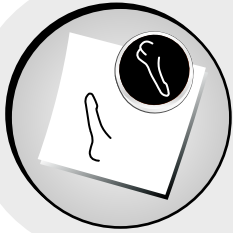

TIP 1:

Don't scribble over the image. That's lame.

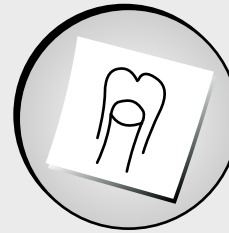

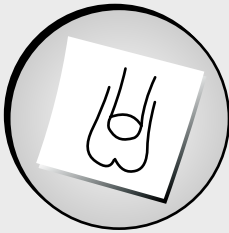

TIP 2:

If you are stuck, try changing the image by adding lines or mirroring.

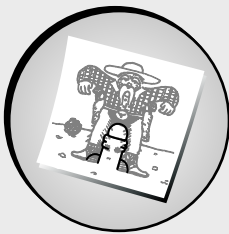

TIP 3:

You can always rotate the penis to get a fresh perspective.
Maybe it's a handlebar mustache OR a woman with long hair?

TIP 4:

Instead of forming the challenge into a single object, turn it into the space between several objects.
